EXPERIENCE

2022 - Present

Software Engineer
Techwave

UGL Limited -
Developed a Power Apps application for RFA legal processes, enabling users to submit and track form approvals through an 8-level hierarchy. Automated rejections and revisions ensure efficient approval management.
- Power Apps, Power Automate, Share Point, Service Now, Power BI

Hyper Optic -
Developed a mobile application designed to assist site contractors in filling out form details, uploading annotated pictures, and sending the completed PDF to their superiors
- Flutter, Dart, MySQL, Rest API, Azure, .NET, Jira, GIT

Westcon -
Build a mechanism to leverage Power Platform tools and integrate with web applications which can channelize the feedback or submit support tickets to corresponding team in ServiceNow.
- ServiceNow, Power BI, Power Automate, Power Apps, Share Point

Techwave Annotator -
Developed a Python-based desktop application for TechWave Engineering Services, integrating polygon annotation, bounding box annotation, and Segment Anything Model (SAM) tools into a single platform.
- Python, Polygon, Bounding Box and SAM Annotation Models

2021 - 2022

Full Stack Web Developer
KSR Datavizon

Designed and developed an e-learning website and mobile app for KSR Datavizon, compatible with iOS and Android. The platform enables students to browse and purchase courses, access recorded sessions, and take quizzes and coding tests
- React.js, Express.js, Node.js, MySQL, Redux, React Native, HTML5, CSS3, SASS, GIT.

2019 - 2021

Graphic Designer
INSPR Consulting Services

Proficient Graphic Designer with experience creating 350+ static and motion designs, including brochures, videos, and campaign materials. Increased social engagement by 67% through impactful visual communication. Skilled in elevating brand presence with creative, results-driven designs
- Adobe Photoshop, Adobe Premiere Pro, Adobe After Effects, Adobe Illustrator, Adobe InDesign, Canva

EDUCATION

2020 - 2022

Dr.B.R. Ambedkar Open University
MSc in Psychology

First Class

2015 - 2019

G Pulla Reddy Engineering College
B.Tech in Computer Science

8.34 CGPA

SUMMARY

Software Engineer with 4 years of experience designing solutions to optimize business operations. Proficient in all phases of development and skilled in managing projects from conceptualization to delivery. Experienced in collaborating with cross-functional teams and leveraging modern tools to drive efficiency.
